

## CLEANING INSTRUCTIONS

- Our products are designed to be maintenance free. However, it is recommended that the surfaces of the products be kept clear from debris and dirt.
- If latches, locks or hinges need to be lubricated, use a “3 in 1” type light oil, removing excess with a cloth.

Finish	Description	Cleaning & Maintenance
Painted Steel	Baked-on Powder Coat Paint	Use a soft cloth and mild soap and water.
Aluminum	Aluminum Without Clear Coat	
US32D	Satin Stainless Steel	Use a soft cloth and mild soap and water solution. After cleaning, thoroughly rinse with clear water to remove all traces of the solution and wipe dry to prevent water marks from forming. Stains which resist that treatment can usually be removed by polishing in the direction of the grain with a soft cloth and a non-abrasive stainless steel polish. Test in an unobtrusive area.
Fabric	Screen for Privacy Shade	Use a soft cloth and mild soap and water solution.
