EXCEL DRYER

INTRODUCING THE GREEN APPLE XLERATOR® AND XLERATOR^{eco}®

Excel Dryer is pleased to announce its role as a partner of Green Apple, an initiative from the Center for Green Schools at the U.S. Green Building Council. Green Apple is a global movement to put all children in schools where they have clean and healthy air to breathe, where energy and resources are conserved and where they can be inspired to dream of a brighter future.

The Green Apple dryer is available in XLERATOR or new XLERATOR^{eco} models. The XLERATOR is the original, patented, high-speed, energy-efficient hand dryer. The new XLERATOR^{eco} uses No Heat technology to dry hands fast using only 500 watts of energy.
