

estorm Hand Dryer

intuitive. ingenious. iStorm.

Palmer Fixture is introducing the "iStorm" high speed hand dryer. This intuitive high speed hand dryer dries hands in 10 seconds. Users dry their hands in a natural comfortable position without water splash-back. The "iStorm" utilizes water absorbing ceramic technology eliminating water overflow preventing hazardous wet floors. The "iStorm" has an airspeed adjustment, on-off heater switch, and dual-color LED sensor indicators for a superior hand-dry.

Adjustable air speed

for customizable settings that will maximize the hand dryer's efficiency for all environments

Dual color LED Sensor

allows user to maximize the dryer's efficiency

Innovative air outlets

aim down and back to protect users from unwanted water splash

On/Off switch for heater

Innovative absorbant ceramic plate

captures all water runoff and prevents the problem of water overflow, keeping floors dry and safe

Hygenic space opening

allows hands to be rubbed together without touching the sides of the dryer

Antibacterial coating

inhibits and reduces the ability for microorganisms to grow, lasting the lifetime of the dryer

Super Filter

(HEPA, carbon, and antibacterial) eliminates over 99% of airborne

particles

Removable drip tray

is easy to remove, resulting in easy upkeep and maintenance

Technical Specifications

Electrical

Electrical Supply: 110-120 V, 208-220 V AC, 60 Hz Rated power: 1200 W (750W with heater off) Motor type: 1 HP brush type, dual ball bearings

Motor speed: 11,000-20,000 RPM

Heating Element: 450 W, on/off option, thermostat protection

Standby power consumption: 3 W LED light: Standby (red), active (blue)

Construction

Polycarbonate ABS

Anti-microbially integrated external resins and seals

Pressed anti-rust steel mounting plate Tamper-proof T30 type exterior screws Color finish: black, white, or platinum

Filtration

Super 3 layer filter system (HEPA filter, carbon filter, anti-microbial filter) Eliminates over 99% of bacteria

Innovative absorbent ceramic plate

Operation

Automatic infrared sensor Dry time: 10 seconds

Adjustable airspeed up to 224 MPH

Operating airflow: 76 CFM

Rated operating noise power: 66.1 db

Logistics

Item codes: HD098016 [black], HD098008 (platinum), HD098017 [white]

Unit weight: 24 lbs.

Unit dimensions: 23.25" x 12.75" x 7.25"

Packaged weight: 29 lbs.

Packaged dimensions: 27.5" x 15.25" x 10.75"

5 year limited warranty
