## THE PIATTO™ COLLECTION

# Conspicuously Minimal, Truly Recessed

ASI's distinctive new collection of washroom accessories is designed to stand apart by not standing out—making it integral with your washroom design.

Each washroom accessory is designed to be completely recessed, lying perfectly in the plane of the washroom wall without any protrusion. The high-end door hinges, used to achieve this precise co-planar fit, are easily adjusted in the field. Phenolic doors in matte black or white, close silently and effortlessly and add an air of sophistication. All hinges are concealed and so is the internal latching system, leaving no visible hardware. This elegance of less subtly adds to your vision.

### THREE WAY ADJUSTABLE HINGE

An innovative hinge technology allows cabinet and doors to be completely recessed. With no protrusions from the plane of the wall surface. Doors can be adjusted in the field.

- Phenolic Doors
- Completely Recessed Mounting
- Concealed internal spring-loaded latch
- No Visible Hardware
