

SUBMITTAL: PAD - HeartSine® Samaritan® Public Access Defibrillator

Model PAD - The Patented Samaritan® Pad-Pak by HeartSine is the Smallest & Lightest AED available at 2.4 lbs with the Highest Durability Ratings of any AED Available

Standard Components: Storage case, and adult Pad-Pak™ . The Pad-Pak™ is easy to install. It contains the battery and adult pads (electrodes), and has only 1 expiry date*.

Weight: 2.4 lbs.

Testing: IP56 Dust & Water Rating, Military Standard Drop Test.

Battery Life: All components - 3.5 years (single expiration date)

Prompting: Audible and Visual with 3 illuminated icon displays.

Warranty: 10 years (compare to competitor's 5 year).

Software Upgrades: Fully upgradeable in the field via software updates, this ensures device will be compliant with any future AHA updates.

Optional at Additional Cost:

___ Adult Replacement/ Backup Pad-Pak™ (PAD-PAK-01)

___ Pediatric and Infant Pediatric Pad-Pak™ called the Pediatric-Pak™, for patients 1-8 years old and less than 55 lbs or 25 kg. (PAD-PAK-02)

NOTE: HeartSine's Samaritan PAD provides clear and calm audible prompting along with visual prompting via 3 illuminated icon displays. Many AEDs on the market provide only audible prompting that may be difficult to hear in loud or crowded environments.

* This unit offers significant savings over other defibrillators that require separate battery and pad units. Best of all, once the device is used, a replacement Pad-Pak is quickly installed and ALL your consumables are refreshed and the system restored at once.
