

SF0802-09

SF0802-09

Automatic Universal Bulk Foam Soap Dispenser

Designed with an innovative nozzle that will eliminate excessive drippage, making this dispenser a true 'no-drip' system

Removable cap for easy refill

Soap level window indicates when refill is needed

Innovative modern design

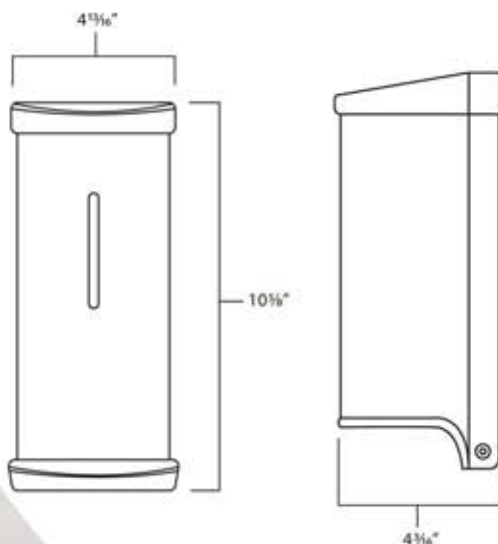

Long pump life

Removable pump for easy maintenance

ADA compliant, meeting the standards of the Americans with Disabilities Act

* All key parts of the dispenser are independent for easy maintenance. Container assembly and mechanism of dispenser allow 100 percent separation of components. This ensures that the mechanism is completely free from damage caused by soap.

Automated touchless dispensing improves hygiene & minimizes the risk of cross-contamination

Technical Specifications

Operation: Automatic

Casing: Stainless steel

Foam dispense quantity: 0.7 - 0.8 mL

Type: Refillable reservoir (800 ml)

LED light : Flashes 3x for standby by operation

Flashes blue continuously for low battery

Battery type: 4 'AA' sized batteries

Battery life: 15,000 drops/cycles per year

Pump life: 50,000 cycles

Maintenance: Independent key parts: pump, reservoir and control box

Protection: Power shuts off when casing is open and turns back on when closed
