<b>Product Description</b>	<p><b>Wee-Screen™</b> urinal screens are a 30 day fragrance solution for most urinal shapes and sizes. Wee-Screen™ is an effective solution that reduces bad smells for up to 30 days with a deep bubble design that prevents splash back and drain blockages.</p> <p>With its unique design features, and strong fragrance performance, the Wee-Screen™ offers the perfect solution for urinal maintenance with enhanced fragrance delivery and splash back protection for up to 30 days. Its flexible core is built using interlacing strips of EVA material to form a strong lattice, making it less rigid than other screens, giving it the ability to fit almost any urinal.</p> <p>The deep bubbles in the design reduce the risk of splash back, whilst at the same time allowing water to drain away yet preventing refuse or other materials to block urinal traps.</p>
