

## Quality Assurance Testing Certification

Foundations Worldwide certifies that the changing stations listed below have been tested to a specified test protocol and documented to be in compliance with the following **product durability** claim:

***“Supports up to 250 pounds with only minimal deflection.”***

Applicable Models:

100EH - Horizontal Polyethylene Diaper Changing Station

100SSC - Clad Stainless Steel Diaper Changing Station

Issued By:

A handwritten signature in black ink that reads "Jason Biter". The signature is stylized with a large, looped 'J' and 'B'.
