Foundations®

A red sphere is one of the first objects a baby will recognize, making it the foundation of development.

Since our inception, Foundations® has grown our product line to offer all customers a complete solution to their child care needs. Our products reflect our commitment to safety, innovation, quality, and value. From child care centers to hotels, Foundations® has you covered with a variety of wood cribs, steel cribs, and travel yards that combine style with the ultimate in safety and function.

Our bedding and mattresses are designed for reliable safety and comfort. We have versatile options for changing stations and tables, as well as a variety of multi child strollers that offer comfort, durability, and convenience. We also offer the only commercial-grade glider available on the market and high-quality feeding chairs. Foundations® Quality Children's Products is a trusted brand you can count on.

Crib Safety Is Everyone's Business

Hoteliers have a responsibility to provide a safe sleep environment for their most precious guests. It is an initiative that starts at the corporate level but requires action and due diligence of property management and the housekeeping staff. Foundations®, as the world leader in hotel cribs, has developed crib safety training resources and best practices to assist you in carrying out this initiative.

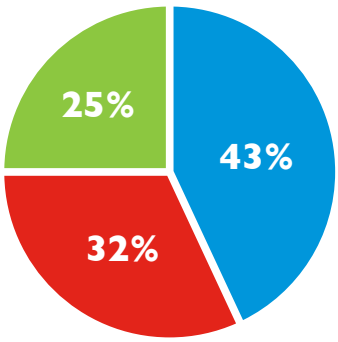
Sleep Safely™

Sudden Unexpected Infant Deaths (SUIDs) have declined considerably since 1992, but in 2015 alone, there were still nearly 3,700 SUIDs in the United States. The American Academy of Pediatrics recommends a safe sleep environment that can reduce the risk of all sleep-related infant deaths.



Breakdown of SUIDs by Cause, 2015

43% Sudden Infant Death Syndrome
32% Unknown Cause
25% Accidental Suffocation and Strangulation in Bed

ALWAYS PROVIDE A CRIB TO GUESTS WITH INFANTS AND ENCOURAGE ITS USAGE

- The United States Consumer Product Safety Commission found that placing babies to sleep in adult beds puts them at risk of suffocation or strangulation.
- Studies have shown that nearly 74% of deaths in babies younger than four months occurred in a bed-sharing situation.†

Clean.

Travel yards have been challenging to keep clean and sanitized ... ***until now***. SnugFresh® travel yard covers may be laundered to provide a fresh and comfortable sleep environment. High-quality, ultra-soft, wrinkle-resistant microfiber fabric withstands repeated washings in your linen laundering protocol. Optional SnugFresh® ribbons are available to give guests the assurance of a clean, just-laundered travel yard.

Safe.

SnugFresh® travel yards are compliant to all mandatory travel yard safety standards. Designed for a perfect fit on Foundations® SnugFresh® travel yards, SnugFresh® covers eliminate loose fabrics that cause suffocation hazards, and do not conceal required safety labels. The patented fastening system ensures the cover will remain securely in place and is intuitive to install.

Affordable.

Child care centers and hotels need an economical solution to travel yard hygiene. Travel yard covers include an integrated mattress sheet, eliminating the purchase of additional bedding. SnugFresh® travel yards and covers deliver a positive experience through superior hygiene and safety at an affordable cost.

Convenient.

Insert mattress pad into integrated sheet and place in travel yard

Pull sides of cover over top rails

Secure all four hook-and-loop straps
